VIVARISTIC EXPERIENCE

- 2017 December
We received *Ameca splendens* "Rio Teuchitlan, Miller 1966" from Márk Liziczai (KLG Goodeid Projekt).
 - Constant breeding activities
- 2018 October
The following species were received from Márk Liziczai
 - *Allotoca zacapuensis* 0.0.7
 - *Xenotoca eiseni* 3.4.0

Our goal to take a part in such an important conservation programs like ÖVVÖ/Mesa Central because it has no enough attention for the present. In the future we would like to increase our capacity to keep and breed species, furthermore to reach stable stocks at SOSTOZOO.
